The Conquerine Co., Lynchburg, Va.:
Gentlemen,—Do YOU really know the value of Conquerine? I was about gone by the board, so to speak, suffering from indigestion, had fallen off from 147 to 126 pounds, when a friend recommended CONQUERINE. After taking it fifteen days, when I weighed, and to my surprise had gained seven pounds, to say nothing of the relief it gave as soon as I began taking it. It not only conquered what you claim for it, but it is a fine tonic also. It certainly builds up a broken down system.

I shall always recommend it to my friends—it's certainly worth trying.
